THE

MARMOR

Volume XI, MCMXLII

McMaster Board of Publications
McMaster University, Hamilton, Ontario

ROY CARLYLE BENSEN

1884 - 1941

M.A., D.B., PH.D.

*Assistant Professor of Philosophy, 1930-32;
Professor of Philosophy, 1932-41.*

In Memoriam

To the memory of Professor Roy Bensen, of '06, this issue of the Marmor is affectionately dedicated. A teacher whose broad interests, wide and judicious scholarship and deep spiritual life were evident to us all, and whose record in college and in India we were proud to read, he leaves behind him an influence for good that is beyond estimate and that will remain with all who knew him or studied under his direction. Athlete, scholar, Christian missionary, counsellor and friend, he gave us more than a glimpse of the "kingdom that cannot be shaken" in which his own life had its abiding citizenship. *Ave atque vale!*

Portrait by Hubert Beckett.

GEORGE PEEL GILMOUR
M.A., B.D.
Chancellor

The Chancellor's Message

The old fairy tale of the people who were granted three wishes always ended with the cancelling of all gains because the wishes were trivial or made in bad temper. No character in this multiform story ever had the wisdom or the self-control to profit by golden opportunity. Perhaps the secret was that the opportunity was not earned and therefore not appreciated.

We have all speculated as to what we would wish for should a fairy give us the privilege, usually paying ourselves the compliment of including in the dream certain large and effortless charities, but knowing in our hearts that such unearned opportunities would do us and others little good and probably much harm. The only opportunities that are desirable and safe are of the earned variety.

Undergraduates who have dealt honestly with time and talent have earned the right to opportunity, but are sufficiently disciplined not to expect opportunity to come automatically. There is not so much happiness in capacity alone as there is in capacity plus opportunity, but capacity has its continuing rewards. It is one of life's major satisfactions to feel ready, and to await opportunity with quiet confidence.

It may be that many members of '42 will have no opportunity to exercise their capacity in a chosen field for some time to come, because stern national service will monopolize them. But I bid you all keep your special capacity up to standard against the day of opportunity as I bid you God-speed with a full heart.

A handwritten signature in black ink, appearing to read "S.P. Silberman". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

THE FACULTY

GEORGE PEEL GILMOUR, M.A., B.D.
Chancellor of the University
Principal, ex officio, of the Faculty

*ROBERT WILSON SMITH, B.A., PH.D., D.SC.
Professor Emeritus of Biology
*Obiit, February, 1942

CHARLES ELDRID BURKE, M.A., PH.D.
Dean of Arts and Science
Professor of Chemistry

HAROLD STANLEY STEWART, B.A., D.D.
Dean of Theology
Professor of Practical Theology

WILLIAM FINDLAY, M.A., PH.D.
Professor of Mathematics

HENRY FRANKLIN DAWES, M.A., PH.D., F.R.S.C.
Professor of Physics

WILLIAM OSCAR WALKER, M.A.
Professor of Chemistry

HUMFREY MICHELL, M.A.
Professor of Political Economy

CHESTER WILLIAM NEW
B.A., B.D., PH.D., F.R.HIST.S., F.R.S.C.
Professor of History

NATHANIEL HERRINGTON PARKER,
B.SC., TH.M., TH.D.
Professor of Hebrew and Old Testament
Interpretation

CLEMENT HODGSON STEARN, M.A., B.D., PH.D.
Professor of Classics
Director of University Extension

*ROY CARLYLE BENSEN, M.A., D.B., PH.D.
Professor of Philosophy
*Obiit, October, 1941

HARRIS LACHLAN MACNEILL, B.A., LL.D., PH.D.
Professor of New Testament Interpretation

ERNEST FABER HADEN, B.A., PH.D.
Professor of French

KENNETH WIFFIN TAYLOR, M.A.
Professor of Political Economy
(On leave of absence for war service)

LULU ODELL GAISER, M.A., PH.D.
Professor of Biology

WILLIAM BURTON HURD, O.B.E., M.A.
Acting Associate Dean of Arts
Professor of Political Economy

ALBERT PRAY MARTIN, M.A., PH.D.
Professor of German

WATSON KIRKCONNELL
M.A., PH.D., F.R.HIST.S., F.R.S.C., O.P.R.
Professor of English

NORMAN MACDONALD, M.A., PH.D.
Associate Professor of History

GEORGE CALDWELL HADDOW, M.A.
Associate Professor of English

ALEXANDER BOYD MCLAY, M.A., PH.D., F.R.S.C.
Associate Professor of Physics

EDWARD TOGO SALMON, M.A., PH.D.
Associate Professor of Classics

ALFRED EDWARD JOHNS, M.A., PH.D.
Associate Professor of Mathematics

STANLEY HART, M.A.
Associate Professor of Fine Arts

ROBERT JAMES MCCrackEN, M.A., B.D.
Associate Professor of Christian Theology
and Philosophy of Religion

THE FACULTY

ROY McKEEN WILES, M.A., PH.D.
Associate Professor of English

ARTHUR EMERSON WARREN, B.A., PH.D.
Associate Professor of Biology

FREDERICK WILLIAM WATERS, B.A., B.D., PH.D.
Associate Professor of Philosophy

HAROLD AUSTIN FREEMAN, M.A.
Assistant Professor of French

MARGUERITE ROBERTS, M.A.
Dean of Women
Assistant Professor of English

HARRY GEORGE THODE, M.SC., PH.D.
Assistant Professor of Physical Chemistry

JAMES WREFORD WATSON, M.A., F.R.G.S.
Assistant Professor of Geography
and Anthropology

ARTHUR ALFRED BURRIDGE, B.A.
Director of Physical Education

DEBORAH AISH, M.A., D. UNIV. PARIS
Lecturer in French, 1941-42

GERALD ALFRED WRENSHALL, M.SC., PH.D.
Lecturer in Physics, 1941-42

LAURA LLOYD FREEMAN, B.A., B.L.S.
Circulation Librarian

CHARLES ELDRID BURKE

Dean of Arts and Science

FACULTY OF ARTS AND SCIENCE

Retrospect

"The memory of the past will stay and half our joys renew."

Upper classmen returned in the fall to be disappointed by the order of restricted initiations, but inter-year rivalry revived with the Soph-Frosh tomato battle.

Inter-year sports . . . No track meet, offset somewhat by a varsity game with the champion Wildcats . . . Table tennis again steals the limelight from the bigger sports.

Publications again scooped the campus by reporting in the Jazz Issue a nefarious game conducted by "H.-B." Morris and other well-known students . . . the Petrouchka controversy . . . co-ed issue replies YES to "Should Babies be Abolished?"

Military life brightened by co-eds appearing in maroon and gray uniforms . . . Women's war fund responsible for first tea dance in Mac's history . . . Self-denial days upheld nobly by the men . . . Cold armouries and colds . . . Military life dulled for the "eds" by Syllabus "A" . . . Many men leaving to join the forces and deserving the title of "Mac's honoured sons."

Macte Georgi! . . . a new Chancellor informally welcomed by enthusiastic students before formal induction by the Lieutenant-Governor . . . Dr. Burke appointed Dean of Arts and Science.

Students' Council meetings denied a domestic atmosphere by edict of "no knitting, please!" Student Assemblies became bright spot of the week when "Hellz-a-poppin'" and a fashion parade of masticated and massacred lab. coats took the stage.

Soph-Frosh highlighted by short, humorous speeches . . . Jr. Prom whosit . . . Juniors and harassed, ambitious Seniors lulled by discourse on lazy, lackadaisical life in Bermuda at the Collation . . . Pressed uniforms at the C.O.T.C. dance.

Men score again with tables and benches for their lunch room, while the girls suffer on.

The Admirable Crichton, distinguished by such unique costuming as pyjamas and leopard skins . . . *Iolanthe* came through with a smashing hit after many torturing setbacks.

Residence life . . . Quarantine in Wallingford . . . Men and mice in Edwards Hall soon affected in like manner.

Men and women again carry all before them in intercollegiate debating.

Athletic Banquet — and then the hush before the hurricane of exams. . . . new Chancellor speeds year '42 on to a strange, new life.

Graduates in Arts

Wilhelmina Abeles
CZECHOSLOVAKIA

Honour French and German

Three and a half years ago Wilhelmina came from Czechoslovakia. Entering with high academic standing, on a B'nai Brith scholarship, she has maintained it, and also a keen interest in M.C.U., W.I.R.C., Philos. Club (Sec. Treas. IV) and Modern Language Club, (Pres. German IV). The dusty stacks will miss her, but not half as much as her friends will miss her stimulating mind. Post-grad studies will permit her to pursue her chief interest — "the pathological conditions of society."

Dorothy Ardley
OTTAWA

Honour English

From Ottawa came this versatile student whose four years at Mac were crowded with extra-curricular activities. She was Vice-Pres. in her Sophomore year, Secretary of Wallingford Hall in her Junior year, a member of the tennis team in '39 and '40, an enthusiastic skier, a valuable reporter on the "Sil" staff, and Vice-President of the Dramatic Society in her Senior year. A talented actress, a witty conversationalist, Dot has made many friends during her stay at Mac.

Roberta Ackert

HAMILTON

General Course

Bobbie came from Delta Collegiate. In her three years here she has displayed a flare for friends, fun and bulls eyes. Pet aversion is toy counters; favourite expression is "I have to work from 4-6." Whether it be Social Service or Library School we wish her luck.

George Albert Armstrong

JARVIS

Extension Course

George matriculated from Waterford H.S. and Toronto Normal. With this excellent training he taught public school for four years, and found a principal's position took up his time as well as his interests. The future will bring . . . well who knows what?

Harold D. Ames

HAMILTON

Honour Chemistry

Harold forges ahead! He slashed his way out of H.C.C.I. into Honour Science, and has been slashing ever since — first into Frogs' Cerebra — later, as lab assistant, into frosh celebrations. He was a keen member of the Science Club. In his spare time he slashed badminton birds, tennis balls, a ski run, or anything hindering a good photograph. Future — Medicine. Good slashing, Harold.

Charles Russell Bailey

ST. CATHARINES

Mathematics Option

A conscientious worker, Ace nevertheless found sufficient time to enjoy residence life. Besides typing and wearing Russian hats, he contributed a deep baritone to three Operettas, experimented with Math. and Pol. Econ. Club meetings and played badminton. Summered on S.S. Hamonic. Thanks to wartime conditions he enjoyed the unenviable distinction of holding the toughest job a headwaiter ever had. Future: Meteorologist.

Elizabeth Jean Anderson

LINDSAY

General Course

Beth came to college to make many friends, have a good time and get a little bit of knowledge. Her charming and sparkling personality has made her a general favourite on the campus. In her final year she was unanimously elected Vice-President of Wallingford and will be remembered as a most gracious and dignified senior.

Jean Hazel Baird

HAMILTON

Honour English

Jean came from Westdale to McMaster where her diligent efforts and unique flair for English won her the MacGregor-Smith-Burr Memorial Prize. Secretary of the W.I.R.C. (III), Secretary of the Modern Literature Club (IV). Favourite pastime — engaging in informal debates. Her poise and vivacity will ensure success in any future she may choose for herself.

GRADUATES IN ARTS

Mary Rosetta Baird

WINGHAM

Honour English

Mary left Wingham High School to join the Freshettes of year '42. Her keenest interests, outside of study, were W.I.R.C. (III) and (IV) and Modern Lit. (IV). Anyone murmuring "Tempus Fugit" around exam time had to take the consequences. Favourite expression, "Why...?" Immediate ambition, active war-work. After that, O.C.E. Fondest dream: to see a still bigger and better library at Mac.

Doris Anneta Cavers

OTTAWA

General Course

Dodie's stay at Mac has been typical of a Wallingfordite in a Pass Course — time for all kinds of sport, a good time in and out of residence and a minimum amount of work. Whether she enters the "career world" or not we all wish her the best.

Willard Gordon Baker

HAMILTON

Honour History

Bake came to Mac from H.C.C.I. ostensibly to study history. But the M.C.R. and K.R. had powerful attractions for him. As well as the two last named, he was interested in inter-year soccer and hockey and was a member of the International Relations Club during his third and fourth years. Favourite expression — "where's Martin?" Bake expects to continue his studies at O.C.E. next year providing they have a common room.

Dorothy M. Clarke

TORONTO

Science Option

Dorothy started her university career at Victoria College, Toronto, but Mac tradition in the Clarke family being very strong she came here for her final year. This happy-go-lucky blonde has in one short year crammed in many sports, a little knowledge, lots of good times, besides making many friends. Like so many of our science students, her future will no doubt be in some war-time lab.

William Niles Callaghan

HAMILTON

Political Economy Option

A product of Westdale Secondary Schools, Wild Bill came to Mac to become an economist. Has been an interested member of Men's Political Economy Club (I, II, III). Bill's outside interests seem to lie in the general direction of Toronto. We wish him every hope of success in his immediate future in the army and his eventual future in the business world.

Mabel E. Clarke

TORONTO

Science Option

Mabel's natural good spirits and spontaneous energy could not be confined to test-tubes, microbes and acids, but were carried also into all fields of sport. Either among the spectators or as a keen player, she has sincerely and enthusiastically backed both Mac's and '42's teams. With her course and the international situation as it is, no doubt some war-time lab. will claim her.

Mollie Campbell

HAMILTON

Honour French and German

Mollie came from Loretto Academy to McMaster. Her actual accomplishments at Mac seem rather scarce. She likes sports, but is not very good at any of them. She did manage to become a member of the Literary Club and President of the Modern Language Club. She did have to edit the obits and for that she should be forgiven everything!

Lloyd George Comfort

BEAMSVILLE

Political Economy Option

A noble son of St. Ann's who came to McMaster by way of Beamsville High School. Space forbids record of his cosmopolitan interests. However Lloyd's academic and extra-curricular activity speak eloquently; member of Pol. Econ. Club; an integral part of the august I.R.C.; and President of the Chess Club. We predict a promising future for this man with an irresistible smile.

GRADUATES IN ARTS

Helen Elizabeth Cook
FERGUS

Honour English and French

Came to McMaster from Fergus High School. Member of French Club and Modern Lit. Club. She is modest above all else. Her quiet confidence and sympathy have won her many friends. With her cheerful manner she should be a treat as a teacher. We wish you luck at O.C.E., Helen.

John Girvin Devitt
HAMILTON

Honour English and French

A Delta man at heart; President of '42 in his Freshman year and Secretary in his fourth year. Was President of Modern Language Club (II), and President of Modern Lit. Club in final year. Future will find him at O.C.E. so he thinks. We predict the army will get him first.

Robert Brycelain Craig
FORT ERIE
General Course

Came to Mac from Albert College '40; originally from Fort Erie. Besides his outside activities as Pastor of 1st United Church ('40-'41) and a member of the Y.M.C.A. ('41-'42), he found time at Mac to be an enthusiastic member of the Debating Club ('41-'42). The future will find him using his energy and talents as a United Church Minister.

Percy William Diebel
HAMILTON
Extension Course

Graduated from St. Catharines C.I. and Hamilton Normal. He is a Science instructor at Tweedsmuir Senior School; and is enrolled as a student in the B.Paed. Course at O.C.E. Ambition lies along the road to teaching.

John McLellan Dalrymple
PORT COLBORNE

Honour Mathematics and Physics

John came to us from Central Collegiate, aided and abetted by an Isabella Campbell McNee Scholarship. He stuck by the Men's Choir and Maths Club during the entire four years and for his final year took on the job of guiding the latter's destinies as its President. To keep his tutorial powers in shape he took on Phys. Lab. assistant duties also. He hopes to polish same to a higher degree at O.C.E. and then — (not for publication yet) —

Lloyd George Dornan
HAMILTON
Partial Course

Science. Came to McMaster via Delta C.I. and Queens. Left McMaster and the C.O.T.C. for service with the C.A.C.

Dorothy Dawson
GUELPH

Honour French and German

In her four years at Mac, Dot has been an enthusiastic athlete. Although she is 4'11 $\frac{3}{4}$ ", there is nothing childlike in the efficient manner with which she handles her job. On the basketball team for four years, and the badminton team, '39 and '40, on the Athletic Executive ('40-'41), Dot was elected by acclamation to the position of President of Women's Athletics in her Senior year. She has time also to be a member of the French and German Clubs. Noted for an unruffled temper, Dotty will be greatly missed at Mac. Future O.C.E.

Edward James Dreisinger
MIMICO
History Option

This gentlemanly scholar arrived at McMaster via Mimico High, Columbia, S. Carolina, and T.B.C., Toronto. To the elect of Course 7 he is better known as "a whiz at the History quiz." One of Mac's better debaters, Ed. worked his way from Secretary-Treasurer (II) and Theol. rep. (III) to President of Debating Society (IV), Men's Choir (I), (II), I.R.C. (III), Students' Council (IV). Can blast a man at 20 feet with his trombone. His radiant personality assures him a great future in the Baptist Ministry.

GRADUATES IN ARTS

**Annabel Constance
Duncan**
OTTAWA
General Course

Diminutive vivacious Annabel came to Mac from Ottawa and Glebe. So great was her power to wield a racquet that in her Freshman and Sophomore years she was a valued member of the Mac tennis team. But not only the tennis team was conquered . . . so was the heart of "Winsome Willie" Duncan. Social convenorships in her Soph. and Senior years, and in W.I.R.C. kept Annabel busy — and her future will be a busy one too — being a model wife.

Vivien Lorraine Elsley
GUELPH
Honour English

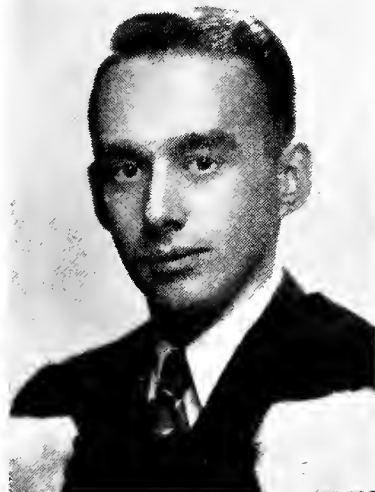

Viv's vivacious personality and unquenchable enthusiasm have brightened McMaster for the last four years. With characteristic eagerness she has participated in many sports — skiing, skating, and particularly basketball. In the days when Mac boasted Intercollegiate teams, Viv was a stellar star on the girl's basketball team. Social Convenor in her Junior year and Vice-President of her Senior year, Vivien claims that education is a fine thing, but extra-curricular activities should not be neglected.

Charles William Dunnett
WINDSOR

Honour Mathematics and Physics

Of all the boys in residence
Our Charlie was the brain,
But he always hid the evidence
As something to disdain.
He carried toast to every pal
Who couldn't wake 'til noon;
He was the joy of every gal
He had beneath the moon.
Free tickets once were offered him
If to a show he'd come,
But Charlie, poring o'er his work,
Said, "What—and miss this fun!"

Edwin Arthur Fairbanks
HAMILTON

Political Economy Option

Ted came from Central C.I. to Mac on the 7.50 bus every morning. He found time outside the regular lectures to belong to the Pol. Econ. Club and the Senior Soccer Team. He is a distinguished member of the "Kibitzing Club" of the M.C.R. He can't quite decide between Osgoode and the army; we bet the army gets him.

Ernest Du Vernet
WATERDOWN

Political Economy Option

Ernie came here from H.C.C.I. on the R. L. Frost Scholarship to take the Honour Polecon course, but the war changed his plans. He is an excellent scholar and leaves a string of marks which are the envy of his associates. Extra-curricularly he was a member of the B. of P., and as Advertising Manager (II) and (III) he helped to pay for the works of the board. Between the third and last year Ernie went to Brockville and came back a full-fledged Second Lieutenant with SYLLABUS A. As an army man he is first rate, his organizing ability and keen mind assure him of a brilliant future in the army. Best of luck, Dingbat.

Marjorie Evelyn Fairbanks
HAMILTON

Political Economy Option

Central Collegiate sent Marg to prove to hard-headed economists that a woman can pass in Polecon too! Her pet aversion—the 8.30's—which were always prominent on her time-table. Claims to have spent all her time outside Mac—studying! Hopes to continue at Osgoode Hall, but her favourite song is "There's something about a drattee!"

Sylvester James Eccles
GALT
Extension Course

Syl. matriculated from Galt C.I. and became a teacher and asst. principal in Dickson Public School. He hopes to continue his teacher's training next year at O.C.E. Besides showing much interest in teaching Syl. will be remembered by Mac summer school as a good athlete and an ardent photographer.

Jean Elizabeth Fairley
HAMILTON
History Option

Jean came to us from Central High and showed her versatility by trying her talents in three courses and finally decided to major in History. She stayed long enough in Wallingford for us to learn that she loves travel, is a good sport and always ready to lend a helping hand.

GRADUATES IN ARTS

H. Douglas Fearman
HAMILTON

Honour Political Economy

Doug. is a Westdale alumnus and his graduation will prove that it is possible to graduate in Honour Polecon. Board of Pubs, highland dancing and deer hunting filled the outside time of this all round man. It would be impossible to do justice to Doug. in sixty short words, so suffice it to say his presence will be much missed next year. -30- to a brilliant career and the best of luck in the future.

Stuart Freeman
FREEMAN

Science Option

Stu came to McMaster from Burlington High School. By way of Honour Science, and Honour Biology, he now graduates in Science Option. Holder of a Provincial track and field championship on entering Mac, he added to his laurels by becoming co-holder of the Chancellor's Medal for two successive years. His versatility is shown by his stellar performances on the Varsity Football, Basketball and Swimming teams. Partial to brunettes. Future O.C.E. via the Army.

Samuel Hayes Findlay
HAMILTON

History Option

The Red River settler who re-emigrated — leaving the city of wheat and beaver skins for that of the big bluff and the mighty smokestacks. The story of "Sam's Ordeal" has Greek Tragedy for its theme and is the record of many battles. In between attacks, retreats, and counter-attacks he took part in: the Big Play (I, II); Men's Chorus (I-IV), Secretary-Treasurer (II); M.C.U. (I-IV); President (III); McMaster Evangelistic Band (II); Varsity Soccer, seniors; hockey and soccer for the "pulpiters." With this for his rather checkered past, Sam faces the future and Divinity.

Edmund Gietz
KIRKLAND LAKE

Honour French and German

This stalwart lad came to Mac from the rugged north country, where he spent his time developing his muscle and Ontario stone quarries. Noted for his ability in the mining profession, at skiing and as a cryptic wit, Edmund has our best wishes to take with him to O.C.E. after graduation.

Helen Eileen Foster
HAMILTON

General Course

To McMaster came one Helen Foster,
Because of exams we nearly lost her,
Our golf team had her support,
She found she was quite a sport.
At social functions she was a delight,
May her life be happy and bright.

Agnes Margaret Gordon
HAMILTON

General Course

There was a young lady named Sue,
Who came to McMaster U.
At lectures usually bright,
To Modern Lit. a leading light.
At golf she always came first,
At Tuck, she had quite a thirst.
When out in the social whirl,
We're sure she'll be quite a girl!

Leslie Arthur Freeman
HAMILTON

Extension Course

Graduated from Hamilton Normal School. Began teaching in a little white schoolhouse in Lambton. Later appointed principal of two-roomed school at Sombra. Next move was to Lloyd George School, Hamilton. Successful teaching career has resulted in recent appointment to the staff of Ryerson Senior Public School. Hopes to climb a few more rungs on the educational ladder.

Marjorie Alice Hadley
MILTON

English Option

Marjorie left Varsity in her final year to adopt a new Alma Mater, and here at Mac she has found herself. She likes writing poetry, and a fortune teller once told her she had musical talents . . . thus her membership in the Women's Choir and her interest in the Operetta. Her avowed ambition is to teach little know-nothings and lead them along the flowery path of learning. That remains to be seen . . . for a phone call almost every evening belies that ambition.

GRADUATES IN ARTS

Olive Marguerite Haine
NIAGARA FALLS
French Option

Olive came to Mac on a Regional Scholarship, to study, work in the library, and things. Her charm and laughing eyes soon found her many friends. Custard, jazz, and the word "guy" are her pet aversions. Her favourite expression: "Any mail to-day?" She loves hikes, cookies, poetry and people. Just now her future is in the air, but her final ambition she is bound to realize — to be a charming old lady.

Robert Weber Hewson
HAMILTON
Extension Course

Bob came from Delta C.I. to continue his pet aversion—studying—at summer school. He was President of Extension Class ('40-'41). Besides these executive activities Bob found time for dancing and choral work, not to mention tennis and boating, and even a little carpenter work if necessary.

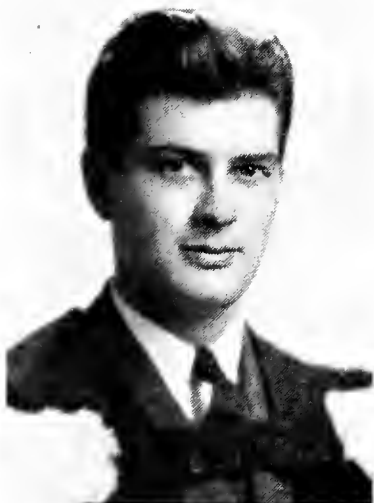

Georgina Harper
HAMILTON
English Option

Georgina came to McMaster from Westdale Collegiate and during her four years here, her gracious and considerate manner has made itself felt in all her activities. A member of M.C.U. and W.I.R.C., she also has a keen interest in music. Next year it's Library School in Toronto and we're sure that her friendly smile will accompany her to success in her chosen career.

John Thomas D. Holmes
HAMILTON
Political Economy Option

Came to Mac from Central C.I. Was in Boxing Club (I) and (III); Political Economy Club (II, III); Men's Choir (III), and Operetta (III). Loves excitement and likes travelling, especially to the Queen City of Ontario. Deeply interested in the Malthusian theory of Population. Osgoode Hall is next stop.

Robert Heard
HAMILTON
General Course

This silver-voiced tenor, who lurks around the lower hall, came to Mac in '39 and entered the first course he found listed in the syllabus. Leaving academic work to scholars, Bob turned to that which he could do best — sing — and immediately walked off with the male lead in the *Mikado*. This year Bob has two more worries—running the Operatic Society and hoping to find time to graduate and think about a future.

Margaret Rebecca House
BRANTFORD
Honour History

"Housie" came from B.C.I. to join Mac's stack-dusting and library-haunting historians. But her interests were by no means confined to extracting knowledge out of dusty history books. She has been an enthusiastic member of Women's Choir, M.C.U., and W.I.R.C. Her irrepressible sense of humour and sparkling eyes have endeared her to many. Our best wishes go with her next year to O.C.E.

William Douglas Henderson
BRANTFORD
Science Option

Entering Mac on an O.H.A. Scholarship, Henner has participated in every branch of sports except folk-dancing. Elected by popular demand to the position of Housemaster, this did not handicap his faculty for friendships. An observant scientist, he is reported to be writing a thesis on K.A. His future is in the clouds.

Margaret Edith Howell
CAINSVILLE
Honour English

Gracious, kind, and sincere, Marg. is a valued friend. A loyal Sil reporter for three years, she has also given unfailing support to the Philosophy Club (I, II), Women's Choir and Operetta (I, II), M.C.U. (I, IV), Modern Lit. (III, IV), W.I.R.C. (III), Treasurer (IV). Her quiet efficiency and gentle manner we know will inspire students, after her year at O.C.E.

GRADUATES IN ARTS

Helen Mary Ireland

HAMILTON

English Option

Shure a little bit of heaven fell from out the sky one day. They added an elfin grin, crinkly-nosed laughter, determined inquiry, provocative beauty, genuine friendliness, an unmatched talent for repartee, and called it Ireland.

Mary Louise Johnson

WELLAND

Honour English and French

Mary came to us from Welland High School. For four years her laughing eyes have lightened the gloom of the library. Her greatest virtue—her amiable disposition. Her greatest fault—absentmindedness. She is a staunch supporter of the Mod. Lit. Club and the W.I.R.C. Future—O.C.E.

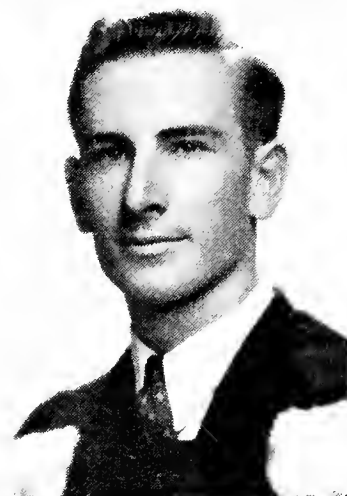

June Audrey Jackson

BRANTFORD

English Option

Junie came to McMaster with an intense interest in journalism. After only one year of reporting on the Sil, she was chosen as Women's Editor for '40-'41. This man-sized job she carried on with the efficiency characteristic of all her activities, and in her final year she became editor of the "Quarterly." Yet along with this, she found time to be convenor of the knitting for war work, a member of the Operatic Society and of the W.I.R.C. In her Junior year she won the Kit Memorial Scholarship for outstanding work in literary fields. She has a rare capacity for friendship, and a sense of humour and quick wit which are legendary in Wallingford.

Charles Gordon Jones

ANCASTER

Honour English and French

Charlie came to Mac from Dundas High School. His amiable disposition has won him many friends and he is seldom seen without his car piled three deep. Member of the Modern Literature Club. He proved his versatility by winning the Golf Championship (IV) and playing basketball (I, II). Pet Aversion—8.30 French classes.

Elsie James

HAMILTON

Political Economy Option

Came to McMaster from the Hamilton Central Collegiate and the Park Business College. Favourite occupation—driving a car. Pet aversion—studying French. Has a great yen for travel, particularly eastward to the Maritimes. Ambition—to become a criminal lawyer.

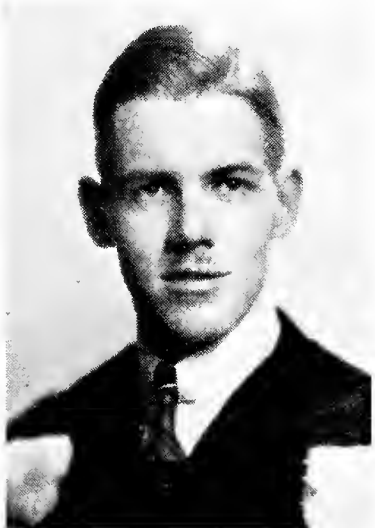

Patricia Anne Kelley

HAMILTON

General Course

A former prefect from Strath, Who took to the scholarly path. Her disposition was certainly sunny. At Tuck she would part with her money. The Common Room oft heard her voice. She'll be a singer by choice.

Larry Jess

DUNDAS

Political Economy Option

Larry brought to Mac a friendly smile, a yen for Benny Goodman and a likeable personality, which have won him many friends. His extra curricular activities centered mainly around Music and Dramatics, but he found time to be a Sil reporter (I). His favourite activity: sleeping through 8.30 lectures. His future: anything from O.C.E. to the Army.

Hubert William Kershaw

HAMILTON

Honour English and French

Came to McMaster from Delta C.I. In his quiet and unassuming way, he managed to make many of Mac's interests his own. His chief concerns were the Mod. Lit. and Mod. Language Clubs. Main weakness—making French recordings. Great ambition is to speak French à la française. Probable destination—O.C.E.

GRADUATES IN ARTS

Dorothy Belle Kitchen

PHILADELPHIA

Honour English and French

This small but dynamic person came from India via Philadelphia. Her outstanding scholastic record, influence and executive work in W.S.B., M.C.U., Women's Choir, Modern Language Club and her active interest in Modern Lit., W.I.R.C., and the Intercollegiate debating team found fitting reward in the Governor General's Medal. Dot's character, friendliness and versatility point to a successful future.

Mary Bernadette Layden

HAMILTON

General Course

Bernadette was always so cheery
Her friends simply never got weary.
For society she had quite a flair,
So often gave lectures the air.
We know she has gotten some
knowledge,
So here's to success after college!

Jane Phyllis Kneeland

HAMILTON

Honour Chemistry

This fair-haired chemist makes a bright spot in any lab. Her extra-curricular activities include Operetta (IV), skiing, badminton, tennis, reading stories and snoozing in the Science Common Room. Having played with fire all year on her assaying problem has entitled her to membership among those 3rd floor "cooks." This student of H₂O₂ will find a future in industrial chemistry.

Norman Thomas Leek

HAMILTON

Extension Course

Norm. matriculated from Delta Collegiate and began teaching at Tweedsmuir Senior Public School. A popular and energetic member of Acacia Lodge, A.F. and A.M., and an excellent basketball player. Norm. hopes the future will mean a little less studying on his part.

Ivan Erskine Lamb

HAMILTON

Honour Biology

"Lambie," after matriculating from Central Collegiate, became a martyr to the cause of science and immediately became swallowed up in Hamilton Hall. Favourite pastime: Running about the biology floor at break-neck speed. Hobbies: apiarist and aviarist. Future: O.C.E.

Luke Hozack LeRoy

HAMILTON

Honour Science

A keen science man from Delta Collegiate, he has stood his ground in basketball and soccer — has a fatal fascination for music that has led him into the "bass" sections of both the band and the orchestra. Favourite pastimes are dancing, telling stupid stories and making bricks. He was Company Sergeant-Major in the C.O.T.C. in fourth year. Future: Army and O.C.E.

Russell Douglas Lamb

ALVINSTON

General Course

Graduated from Watford C.I. before graduating from Mac. He is headed for the Baptist Ministry. Takes part in the local orchestra, and spends his summers among the flock.

Jack Thomas Lewington

HAMILTON

History and Political Economy

Jack came to Mac from Cathedral C.I. and Delta C.I. to win many laurels and friends by his easy friendliness and good humour. He was in Pol. Econ. Club, '39; President, Newman Club, '40; Swimming champ, with two records to his name, '39, '40, '41; and manager of swimming team, '39-'41. Besides these activities Jack found time to swim as a member of the Canadian Polo team — also as champion. Future: Osgoode, but rumour has it that Weismuller is a bit worried.

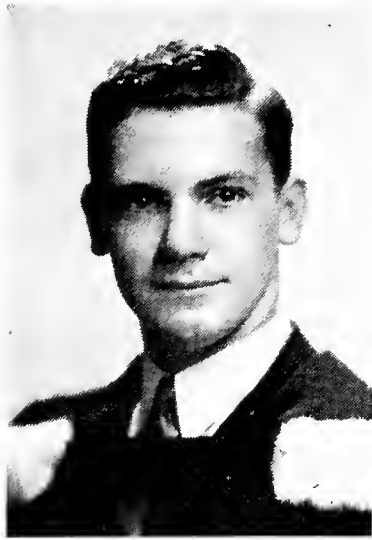

GRADUATES IN ARTS

Bruce Kennedy Little
HAMILTON

Honour French and German

Our "Goon boy" came from Delta via the Edwards Scholarship. Won both the Alexander Scholarship and the '33 French prize (III). Member of the Modern Language Club (I-IV), Modern Literature Club (IV), Tennis Team (I-IV). Bruce hopes to get to O.C.E. via clandestine activities, the Firestone Co., plus a side-order of "un peu d'étude" or "ein bisschen Arbeit."

Harold Grant Martin
HAMILTON

Political Economy Option

Came into our midst from Hamilton Central. Was a member of year '42's hockey and football teams throughout his stay here and in his final year played on the Varsity team. His pet aversion is reputedly French 10. Grant expects to enter business on graduation — but not in Quebec.

Charles William Macdonald
HAMILTON

Extension Course

Hailing from Stellarton, Nova Scotia, this brawny Scot graduated from Hamilton Central Collegiate and Normal School. Has taught physical training in public schools and in army camps at Ottawa and Kingston. Interested in all sports, he excels in basketball, being practically a veteran of the senior loop. Was Company Sergeant-Major with C.O.T.C. and at present holds a commission with the Argyll and Sutherland Highlanders, 2nd Battalion.

Lucille Eleanor May
HAMILTON

General Course

Lucille is well known for her ingenious (but not always practical) theories about everything from how to win the war to why two can't live cheaper than one. She's interested in dramatics and claims to be an "infamous" playwright. Hopes to be a librarian so that she can influence people to read the books she plans to write.

Craig Britton MacFarlane
HAMILTON

Extension Course

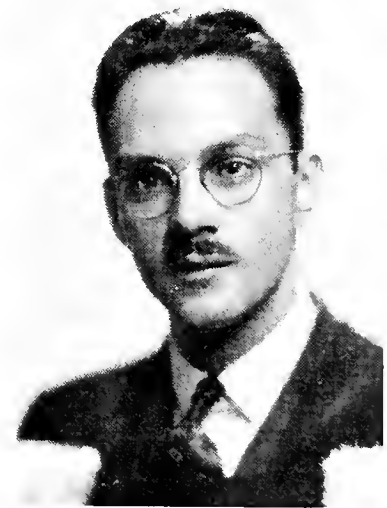

Graduated from Central C.I. and Hamilton Normal School. Attended Extension Classes since 1935. Was Summer School Sports Director in '36 and '37. Taught in Ye Little Red School four years. Joined Hamilton City Police in '38. Dislikes little children and people who call police officers "dumb flatfoots." Hobby—Sketching. Ambition—Politics. Call me "Mac."

David John McCallion
MOUNT DENNIS

Honour Science

"D.J." came to Mac from York Memorial C.I., where he was active in dramatic circles, with the aim of becoming a philosopher-scientist. Was dramatic year rep. (I, II, IV), Sec. (III). Dislikes words of less than three syllables. Has a sharp wit. Future: Teaching via O.C.E.

Barbara Jean Mackay
NIAGARA FALLS

History Option

From Niagara High School came this curly-headed Wallingfordite. Her interest in public speaking led to her appointment as Secretary of the Debating Society in her Soph. year. A sports enthusiast, a talented pianist, a keen supporter of the Workshop Group, Advertising Manager of the Operatic Society, Miki is nothing if not versatile. Wallingford will miss her continued good nature when she graduates. Her future, she hopes, lies in the field of radio, in which she is intensely interested.

Esther Isabel McGaw
GALT

Honour English

Esther brought to McMaster an infectious laugh, a sunny disposition, and a rare executive ability—all of which will be long remembered. Always an enthusiast in all phases of campus life, she rose from a fear-inspiring Soph. Rep. in Wallingford to a peppy Junior Vice-President, and in her final year to a most gracious Head Girl. Esther has filled this position according to the best Mac tradition, and we wish her the same success in all her future plans.

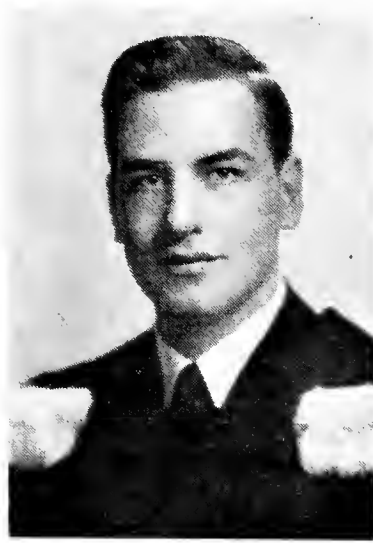

GRADUATES IN ARTS

Donald Gay McNabb

HAMILTON

Honour Chemistry

Don enjoyed his stay at Mac to the best of his ability.

Donald William Merritt

BRANTFORD

Honour Political Economy

Came to McMaster from Brantford Collegiate. Member of Political Economy Club (I-IV) and C.O.T.C. (II-IV). Noted for beginning each school year from a week to a month late. Greets fellow students with "What d'you know to-day?" Our country at war will help determine future plans.

James William McNiven

GRIMSBY

Science Option

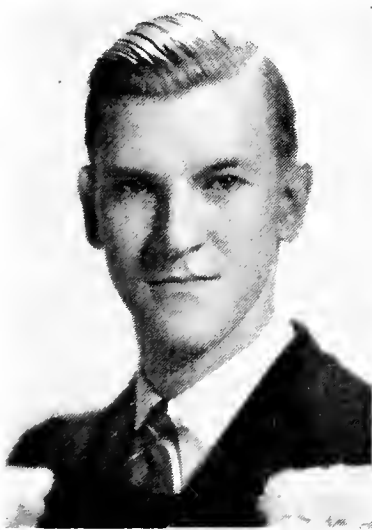

Grad of Grimsby High; took time out for rugby, basketball, and in the summer tossed fruit on a farm in the famous Grimsby orchards. Spends his time outside school "missing" buses. After graduating, he hopes to study medicine at Western.

Isabelle Christine Miller

HAMILTON

Honour Biology

Weighed down with awards won at Delta C. I. and at the British Empire games, "Skidder" carried her athletic enthusiasm to Mac. She was Athletic Rep. (I), Manager of Girls' Basketball (IV), and won the Chancellor's Medal for best sportswoman twice. She showed executive ability also in the Science Club (Treasurer III, Vice-President IV). She is a versatile and popular Mac girl. Good luck, Skidder.

James Daniel McPherson

HAMILTON

History Option

Dan came to Mac from Delta, and at once became known for his ability to thrive on history and ping-pong. A member of the Pol. Econ. Club (I, II) and of the Men's I.R.C. (III). He is another of those philosophers whom history courses consistently produce. Dan was also a Board of Pubs assistant this past year. Hopes to enter one of the armed services this summer.

Kenneth Gibson Mitchell

HAMILTON

Honour Chemistry

Mitch came from Westdale with a yen for chemistry and a knack for photography. His life at McMaster has been exceedingly full and included football, stage managing, staff photographer of the Sil and inter-year drama. As well as these and other activities Mitch managed to absorb enough chemistry to do very well in his grades. His future points to research and his versatility points to success along that line. Bon voyage.

James McQueen

GALT

Honour History

Jim came to McMaster with the determination characteristic of a man of the soil. He has a style of his own, whether in the lecture-room, on the parade-ground or at exam time. But it isn't because he doesn't try. Hobby: Note-taking. The ranks of the historians are calling him. Good luck, Jim.

Edward Burtch Morgan

LEAMINGTON

Political Economy Option

Leamington was known only for Heinz's 57 varieties till Butch appeared on the horizon of McMaster. Runner-up for the Western Ontario Scholarship, he brought to Mac brains and brawn. Provided a backbone for four basketball teams and was champion high jumper. Popular President of his Freshman year. Known around residence as the chief bridge and poker threat. Plans to don the gold braid of the navy and perhaps the more sacred braid of matrimony.

GRADUATES IN ARTS

Jean Carsted Morgan

NIAGARA FALLS

Honour History

Law-office experience between Glebe Collegiate and McMaster may explain Jean's gifts of repartee, also Inter-year Debating (I), and Inter-Collegiate (II). Thirst for history made her haunt the stacks, but she found time for Women's Choir (I, II); Treasurer, Debating Soc. (III); Group Leader, M.C.U. (III); Vice-President (IV); W.I.R.C. (III), and its President (IV); Sil Reporter (III); hiking manager (III) . . . for firsts . . . and for the Thomas Hobley Scholarship (III). Favourite expression: "My, you're thin!" Fondest ambition: a feathercut.

Ralph Sheldon Murray

DUNDAS

Extension Course

Si. attended McMaster evening classes while teaching in Dundas. Attended Dundas High School till 1915. Obtained his teacher's certificate at Hamilton Normal and matriculation via evening classes after four years in the C.E.F. Dislikes people who pretend to be what they are not. Is active in teachers' organizations and local welfare work. Future devoted to educational affairs.

Thomas Richard Morris

HAMILTON

Honour Mathematics and Physics

Fought on this soil 1938-42.
Joined the Navy, 1942.

Loreen Eleanor Myers

HAMILTON

Science Option

Larry in the lab., as a meticulous scientist, on the playing field as an enthusiastic and wily player or in her home as a gracious hostess, has made herself a popular member of class '42. We all wish her the best in the "mansized" job many of our scientists of the fairer sex may be called upon to do.

Elizabeth Morrow

DUNDAS

General

Beth is the fourth member of the musical Morrows to brighten the halls of the McMaster. She has been one of the shining stars of the Operatic Society for four years. Social Convenor (I), Member of W.I.R.C. (III), Vice-President of Operatic Society (IV), Member of Women's Choir (IV) and the orchestra. Beth has ability to make friends, and we wish her success in her future studies in Physio-Therapy in Toronto.

Lillian Alice Nairn

HAMILTON

Honour History

Lillian graduated from Westdale Collegiate. Her conscientious efforts have won for her the French prize of '33 and made her an outstanding history student. Possessed of a very good sense of humour which she unfortunately allows only a chosen few to hear. Favourite pastime: unexpectedly breaking forth into snatches of song. Was a member of the Modern Lit. Club and W.I.R.C. Future-hopes.

Cecil Edward Moule

RIDGETOWN

Extension Course

Graduated from Ridgetown C.I. Cecil found time for a position as Cost Accountant while he was taking his B.A. degree. He is now with the Argyll and Sutherland Highlanders. Good luck, Cecil.

Dorothy Jean Nelson

HAGERSVILLE

General Course

Dot graduated from Hagersville in 1937, having won the Bruce Robertson Memorial Scholarship for general proficiency. An all round athlete she has also a certificate for public school teaching. Her pet hobby: Painting china.

GRADUATES IN ARTS

Frances Jean Neyland
HAMILTON

Honour French and German

Definitely not a narrow bookworm, Jean's independent mind and keen wit marked her as a debater from the day she entered Mac. She banished the few moments which did remain for study with "I can't study . . . I'm not in the mood," but has a remarkable capacity for work at the right moment. Her college career may be described as perfect, since she has managed to contribute much to Mac, to maintain a good scholastic record and to spare much valuable executive experience as Women's Debating Society President and B. of P. Secretary. After four years at Mac, Jean still firmly believes in co-education.

Harold Paikin
HAMILTON

Science Option

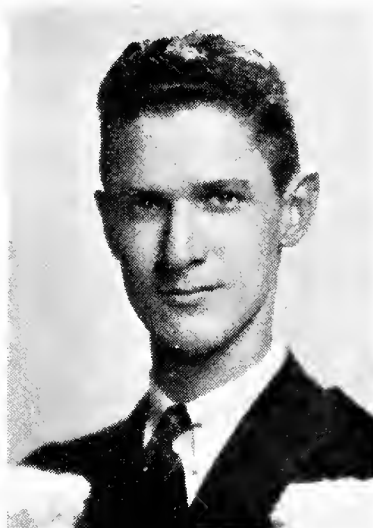

Harold swears he came to Mac to glean a few crumbs of knowledge. But his tremendous activity in the field of entertainment and on the football field, and on committees and etc., etc., placed his studies so far in the background that the authorities decided to give him a degree in the line he was best fitted for: Entertaining. He will be kept on the faculty as entertainer-in-chief of undergraduates to come. He will always find his job "waiting" for him on the S.S. Noronic.

Edward Okuloski
HAMILTON

Mathematics Option

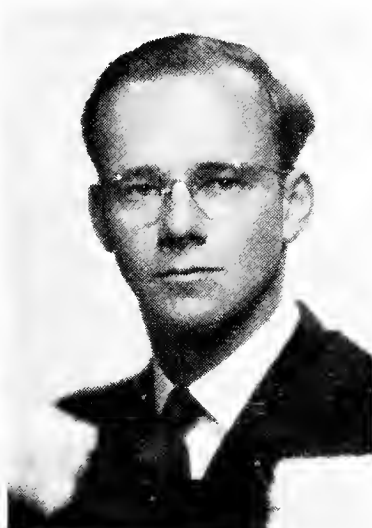

Smiling Ted came from Central in '39 to mystify himself with Mathematics. A versatile performer, he excelled in tennis and badminton. This particular skill was an outgrowth of long experience as a C.S.L. waiter. To do him justice, any story about him must necessarily be a tall one: at least six feet five. We do, however, predict success at either Brockville or Osgoode.

Gilbert Christian Parker
HAMILTON

Honour Latin and English

An apostle of Plato, Demosthenes, James Joyce and Roget (of multi-word fame). What Gil. couldn't say in English he dashed off in Greek, etc. Known as, and admired for, his letters to "Dear Mother," and for his gentle satires on army life and his biographies of "Major Disaster" of the C.O.T.C. Journalist, waiter, cynic, satirist, reader, orator deluxe and scholar; with a flare for things feminine; aspirations pointed in general direction of G. B. Shaw.

Ruth Caroline Oliver
HAMILTON

English Option

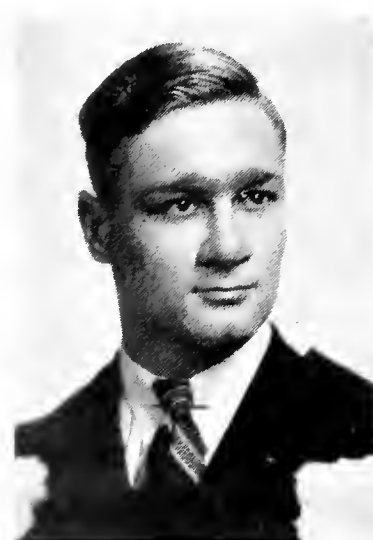

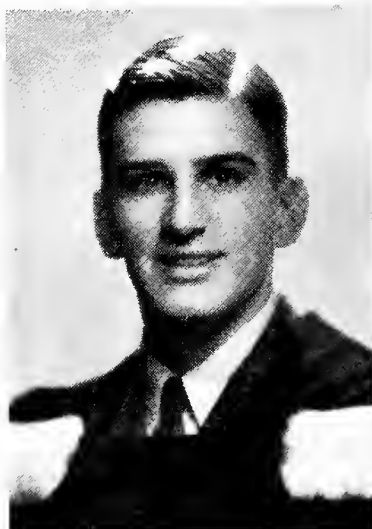

Ruth came to McMaster from Central Collegiate, Hamilton. Became Sophomore Vice-President and member of the Women's Choir. She swam to glory for two years, held membership in the Modern Lit. Club, and the office of Women's Student Body Vice-President. Spends her spare time at convenient ski-clubs, or Y-camps. After O.C.E. will come gym-work—not all her life though. To which she would undoubtedly reply: "Well really!"

Roger Robbins Parlour
HAMILTON

Political Economy Option

Rog came from Westdale to study economics; contributed to many a Sil, Quarterly, and operetta chorus; dabbled in soccer and wrestling; Secretary of year '43 and member of the Political Economy Club. He saw Germany from a bicycle, and the Great Lakes through a port-hole of the S.S. Noronic. Future—army, hostel trip around the world, Osgoode.

Dennis Craven Wood Ord
BRANTFORD

Honour Science

Denny came to Mac by way of Appleby, U.C.C., and Brantford C.I. His happy-go-lucky manner and his ability to take a ribbing in the best of humour won him many lasting friends. Was boxing champ (I). Found time between labs for Silhouette staff (II), and badminton and tennis teams (II). Dislikes anything to do with "business." Future? A lab or O.C.E. (he hopes).

Allen Reginald Pearce
HAMILTON

History Option

A Delta boy, Al. came to Mac in '39 to delve into the mysteries of history. In 1940-41 he emerged from an era of bowling, billiards and knock-rummy to win the golf and ski championships. An active supporter of all the social functions and a true sportsman always, Al's cheerful personality has made him known to one and all. Future—Sometime O.C.E.; meantime, army.

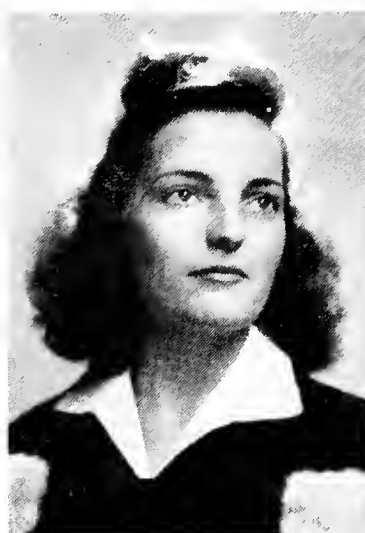

GRADUATES IN ARTS

Waldo Penner

INDIA

Philosophy Option

From Vaughan Road Collegiate and Central Technical, but originally from India. As an executive he has served the M.C.U., Men's Debating and the Philosophy Club. He has represented Theology and the University in soccer and rugby. It's unusual, but he likes philosophy. Next year will see him back for Theology.

Jean Richards

HAMILTON

Honour English

"If to do were as easy as to know what were good to do, chapels had been churches, and poor men's cottages princes' palaces."

William Phoenix

HAMILTON

Science Option

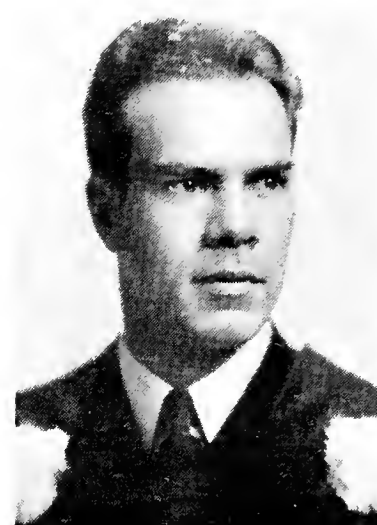

Graduated from Grimsby C.I. in '38. Tried to find gold in low grade ore for one year before entering Mac. The effect of Science killed a once budding theological ambition. Now aspiring to medicine and plans to go on in this after graduation from Mac. His pet ambition is to become punctual for lectures. He will always keep swell memories of Mac friendships.

Joseph Irvin Richardson

WOODSTOCK

History Option

From W.C.I. to T.B.C. to Mac shows activity and no doubt achievement. Activity continued for Joe at Mac—mostly extra curricular, history, M.C.U., M.M.A., basketball and rugby for the "cloth" plus various presidencies—Men's Chorus (II) and (III), Operatic Society (II), M.M.A. (III), and Dramatic Society (IV), along with leader of McMaster Evangelistic Band '40, give great momentum to Joe for his trip down the "B.D." road to Bolivia.

Charles Pound

HAMILTON

History Option

Don't expect too much of the self-made man, as it is his first attempt in the creative line.

Kathryn Ewen Riddell

HAMILTON

English Option

Came to McMaster from Central C.I. Graced the Modern Literature Club (III). Spends her summers at camp mothering other people's children (and eating chocolates). Her weakness is chocolate cookies, her relaxation figure-skating and fishing ("Well!"). Next year will find her in a Social Service Course at Toronto University. Best of luck, Kay!

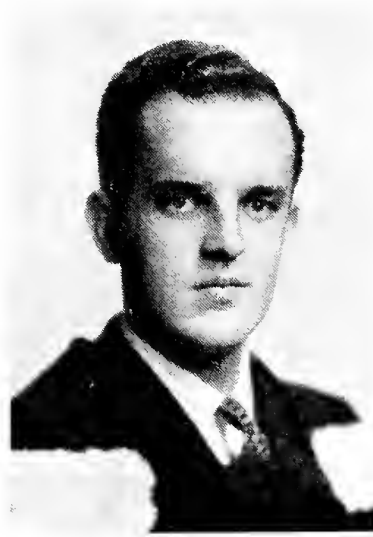

John Redding

WATERDOWN

Science Option

Jack with his cheery smile comes to us from Western, where, it has been rumoured, he doubled for Gary Cooper. Off stage he is aspiring to a B.A. before continuing his course in medicine. He inclines towards Art, Literature and Sciences, combining very successfully work with pleasure. One of Mac's all round good fellows and we wish him success wherever his life work lies.

Robert Thompson Riddell

HAMILTON

Honour Science

Arrived from Westdale S.S. with the First Herbert Matthews Science Scholarship and disappeared into Biology. Was a member of Science Club (I-IV). R.T.'s future plans are O.C.E. or —

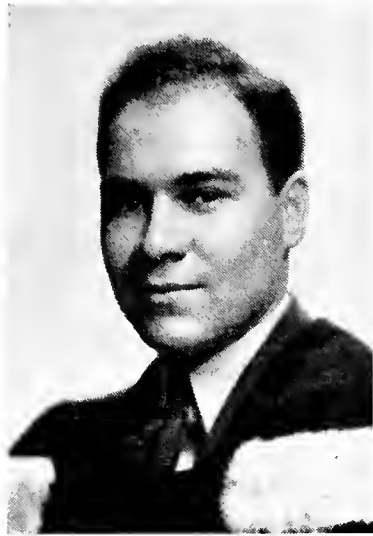

GRADUATES IN ARTS

Arthur Roberts

HAMILTON

Honour History

Came to McMaster via three high schools, Welland, Burlington and Delta. Is interested in anything if it has a history. He was an interested member of the M.I.R.C., and a devoted member of the common room gang. His summer months were spent bending iron just to keep in shape. Favourite expression: "Wanna fight?" Art's future plans are concerned with O.C.E.—after that who knows?

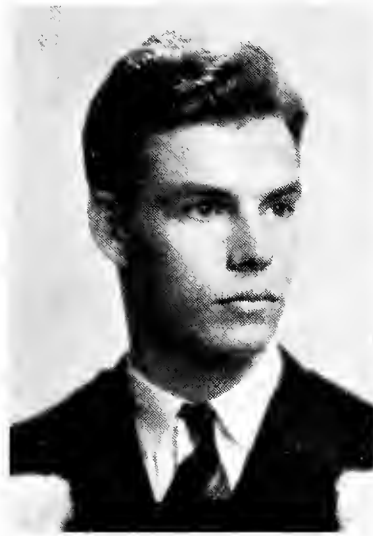

Claude Robert Searle

HAMILTON

Honour French and English

A Central C. I. grad who started off in Economics, and was charmed in a year to the sounds of French, with English thrown in, since the Honour Course came that way. Two years of C.O.T.C. and he joined the service corps (the infantry is all right). Future: Brockville, later O.C.E.

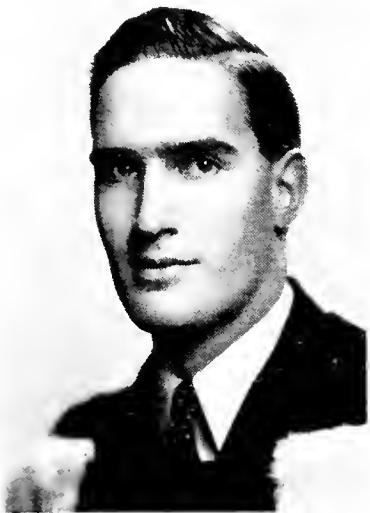

James Roberts

HAMILTON

Science Option

With an eye on medicine Jim came to Mac before heading for Toronto. To all who know him this was a wise decision, for what would we have done without his corny jokes and (dialect) stories. As a sideline he indulged in dramatics, boxing, football, C.O.T.C., Sarg., and many more activities. When he could find time to break away from his admiring crowd of females, he attended a few lectures. All kidding aside, whatever course Jim takes, whether army or medicine, he will do all right.

Clifford Everard Shand

TORONTO

Honour History

The golden boy of the history department has breezed through Mac's halls—usually blowing in the vague direction of a lecture. As a contributor to Mac's athletics, Cliff's versatility was shown—Senior Basketball (I-IV). His executive ability has been demonstrated as a member of the Athletic Board (III), and Men's Student Body (III, IV). Combining the best of Mac spirit with genuine personality he has been one of Edward's finest Kakiaks.

Alva Stewart Roblin

FORT WILLIAM

Philosophy Option

Came to McMaster as graduate of Toronto Bible College and Bowmanville H.S. District champion "miler." Represented McMaster in Intercollegiate boxing (I-III), Athletic M. (II), Dominion champion (III), Coach (IV). Known as "Tiger." Member of Philosophy Club, Science Club, Debating Society, M.C.U. Moderator of Thunder Bay Association Baptist Churches. Greatest desire is to be useful to someone.

Kenneth Brown Smith

MOUNT FOREST

History Option

Between History essays Ken has found time to write for the Sil (Assistant Editor III), and the Quarterly (short stories). His trombone brought variety if not harmony to the orchestra. Almost a philosopher, he has theories for most everything. Hopes to make a success of journalism after the war.

Helen Mabel Roszel

PETERBOROUGH

Extension Course

Graduated from Peterborough C.I. Is a very enthusiastic sportswoman; plays tennis and is a very good swimmer. Future—Teaching.

Wilbur Joseph Smithson

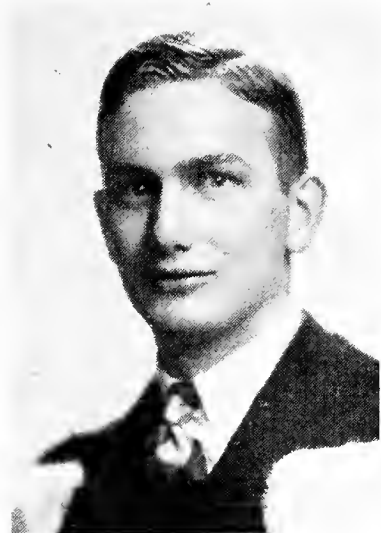

HAMILTON

Honour Mathematics and Political Economy

Will came to Mac from H.C.C.I. He was an enthusiastic member of the inter-year football teams. In the summers he was a very serious and businesslike member of a local glass company. After graduation Will intends to become an insurance actuary. Good luck.

GRADUATES IN ARTS

Halliwell Soule

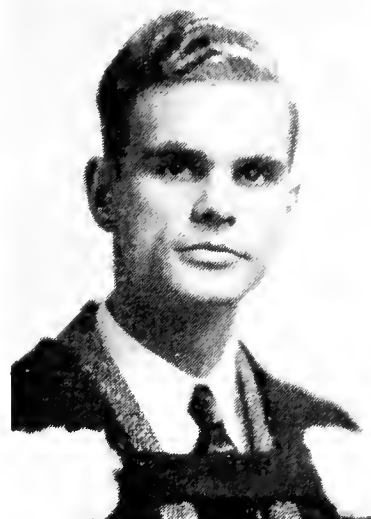

HAMILTON
Political Economy Option

A welcome gift from Westdale Secondary Schools, Hal flashed his way through Mac, playing football (I, III), member of Men's Polycon Club (II, III) and Vice-President of Men's Student Body (III). Hal's wide acquaintance and ticket-selling ability bespeak future success. Lucky old Osgoode.

Donald Tapscott

TORONTO
German Option

Don went through three years at Mac to the tune of Line, Women and Song; in his fourth year decided to work. 42's Soph President, originator of the MacMaroons, Master of Ceremonies at innumerable entertainments, he also took part in many inter-collegiate and inter-year sports. Favourite expression: "I'm in love." Ambition: Compositions 1, 2, 3 on the hit parade.

Marjorie Doris Stedman

SUSSEX, ENGLAND
Philosophy Option

Marj. "missionaried" in Winnipeg before coming to Mac, and since then she has been an Intercollegiate Debater (II); Secretary of Philos. Club (II), Vice-President (III); Group Leader of M.C.U. (IV); and an energetic member of Women's Choir, W.I.R.C. and Orchestra. A Greek Scholarship and the Jos. Staples Brien Scholarship rewarded her fine academic standing. But still our "Pied Piper" has found plenty of time for her characteristic wit, and warm understanding.

Alice Jean Volker

KITCHENER
General Course

From the traditionally insignificant position of a freschette, Alice has blossomed into one of our most versatile and enthusiastic seniors. She has taken an active interest in the W.I.R.C. and Modern Literature Club and this year has been one of the most talented of Sil reporters. Her friends have always put much faith in her droll wit and facile tongue. In her final year she gave adequate expression to these attributes as a member of the Inter-Collegiate Debating Team.

William Stewart

HAMILTON
Mathematics Option

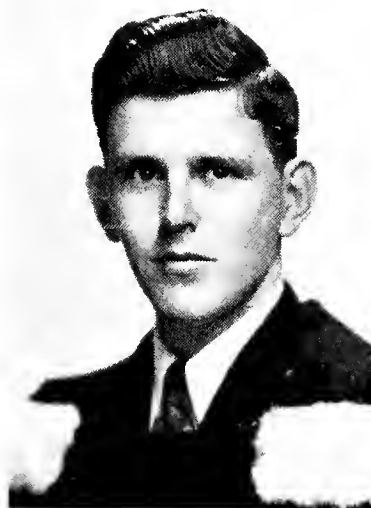

Graduated from Scott C.I., Toledo, Ohio. Bill's ardent scientific spirit causes him to spend hours outside the University in his own chemical laboratory at home—that is, when he is not motoring to see this rather extensive country. His scientific spirit will be sure to succeed in the chemical industry or in Government work. Good luck, Bill!

William Niven White

HAMILTON
Political Economy Option

Publications have been the forte of this really solid Delta man. As a Sil reporter (I), Exchange Editor (II), Circulation Manager (III) and Staff Columnist (III), he seldom wandered farther afield than the Tuck Shop. He did, however, join the Pol. Econ. Club and became Vice-President (III). Hopes to contribute to the defeat of the Axis even if he has to use jive records to do it.

Stanley C. Symington

KIRKLAND LAKE

Political Economy Option

A grad from Midland High, Stan. now hails from Kirkland Lake where he spent a few years before coming to Mac in '39. He has been Secretary of Edwards Hall (II), President of the Polycon Club (III), a member of the I.R.C. and a Y.M.C.A. Fellowship man. Level-headed with a keen sense of humour, Stan's always there in a friendly scrap or bull-session. Future? The "Y" or labour relations.

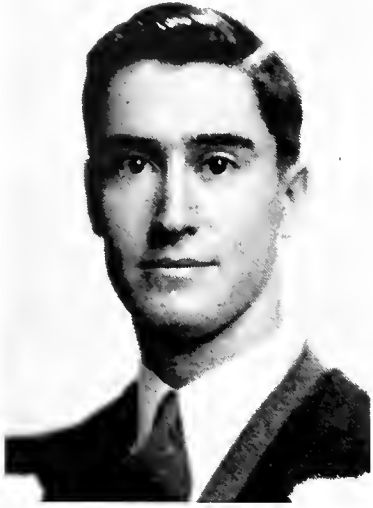

David Brooks Wood

HAITI, WEST INDIES
General Course

Dave is a deep soul, with many wonderful experiences under his belt. After matriculating from Trinity College School, he wandered through McMaster, absorbing, but not exhalating anything spectacular. Resembles somewhat a character from O. Henry. A flare for things literary, but keeps such in his own bosom. In the past five years has become well known on the Lakes in capacity of "waiter de luxe." Guided North House through a hectic year as Housemaster. Athletic type and excellent swimmer. Future points to consulateship.

GRADUATES IN ARTS

Frederick Peter Wrath

MONTREAL

History Option

Arrived in a hurry,
Stayed in a hurry,
Left in a hurry.

Thomas Edmund Wright

WATERDOWN

Honour Science

From Waterdown High School Ed. came to McMaster for a science course. A good deal of his four years was spent around the biology labs, where he was an assistant in his final year. For the past two summers Ed. worked at Frontier College in Quebec and in a nickel mine at Sudbury. Future—O.C.E.

**Phyllis Gertrude
Wrenshall**

SASKATOON, SASK.

Science Option

Phyll drifted into Mac from the wild and woolly west via Ottawa and Montreal. Spent three years loafing around the Science Bldg., taking part in inter-year sports, and working for the "Sil" (Women's Editor III). A good-natured inhabitant of Wallingford, she spent her spare time (and some that wasn't spare) playing bridge, reading tea cups, and knitting. Future plans may include an M.D. from Western if the war allows.

James Allan Young

HAMILTON

Political Economy Option

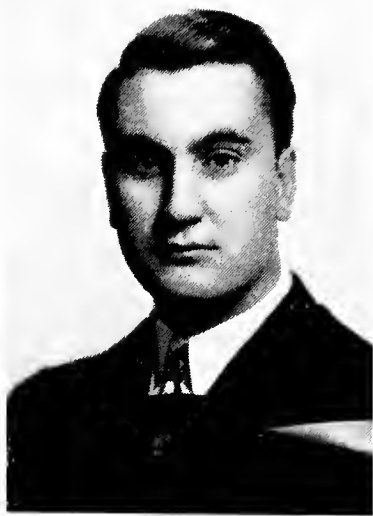

Jimmy graduated from Delta Collegiate in '36 and after a three year sojourn in the business world decided to grace Mac with his presence. He became a stellar football star with the Varsity squad (I) and has been a member of the Political Economy Club (I, II, III). In his last year he was the Chairman of the Finance Committee. His future plans are simple—to become a big vice-president of a going concern.

Hugh Kenneth Cunliffe
HAMILTON

Honour Chemistry and Physics

Not just another chemist, Ken spent a few years in industry between matriculation from Kitchener Collegiate and enrolling in "mad Course 40." Young man, clean, somewhat honest, but smokes slightly. His executive acumen and finesse in photography showed themselves in Ken being elected '42's Secretary (II) and an important member of the Marmor staff (III), (IV). Future: Industrial chemistry plus love, happiness and economic squeeze.

Bernard Russell Boyd
HAMILTON

Honour Chemistry and Physics

The grant of the 1st Wheeler Scholarship brought Pull from Westdale Collegiate to McMaster where he followed the paths of science with adeptness. Membership in the Science Club for four years and Chem. Lab. assistant for one, show where his interests lie. His future plans are concerned with research—especially photographic—in which he should go far. Best wishes Pull.

Gordon Rosebrugh Holder
ST. GEORGE

Honour Chemistry and Physics

Another of those North House jimmies, Gord. got his psychology from Freud, his philosophy from Omar and the pictures on his walls from Esquire. Remarkable for green lab coat and long telephone conversations. Although registered in the Science Course, Gord. took part in all extra-curricular activities—especially inter-year athletics. His future seems to be in the hands of the Government.

Robert Clarence Hawkings
KENOGAMI

Honour Chemistry and Physics

Bob, after matriculating from the Kenogami High School, became a martyr to the cause of science, and was immediately swallowed up in Hamilton Hall, his last years being spent in helping to build the famous Isotope Still, and in delving into the mysteries of Polarography. He hopes to be able to enter the world of research. With his eagerness for chemistry plus a wealth of experience he should have little trouble in doing so. Best of luck to you, Bob.

*Bachelor
of
Science*

Robert Allan Howie
HAMILTON

Honour Chemistry and Physics

Early in what could have been a scholarship course at Mac, Al. discovered the almost fatal fascinations of economics and publications, and thereby discarded seminars, spectra and such in favour of deadlines and data. To this add a provocative amount of Student government and you get—Editor of this Marmor, year '42 President and a potential B.Sc.

David Magder
SMITHVILLE

Honour Chemistry and Physics

With a flair for chemistry, Dave came from Smithville, with a B.Sc. in mind. He also had a flair for finance and was Treasurer of '42 in (III) and (IV). He could usually be seen in Hamilton Hall looking for "Smitty." Dave tackled a real problem in his thesis this year and his work on this indicates a real future in industrial or research chemistry. Good luck, Dave.

Samuel Kauffman
HAMILTON

Honour Chemistry and Physics

Speeches — charged with power or friendly feeling, spoken before any audience at any time, on any subject, winning laurels for McMaster or the year—these have proved the greatest pastime. Organization, whether just a committee, or the Science Club, has proved the greatest recreation. The daily boutonniere of Salesman Sam, seller of science and re-solutions, sees in the future "Business as Usual."

Sidney Ruven Smith
HAMILTON

Honour Chemistry and Physics

Smitty came via H.C.C.I. and the Harold Matthews Scholarship. He settled on the B.Sc. course and proceeded to work. Despite his hard work in his assigned courses Smitty found time to engage in a good many extra-curricular activities—rugby, stage crew, bridge, etc., came in for their share of his time. He was appointed outside rep. in his Senior year, and as such was entitled to first crack at the Common Room Esquire. His thesis led him to the depths of photosynthesis and it is reported he read Chem. Abstracts from stem to stern. Good luck in the future.

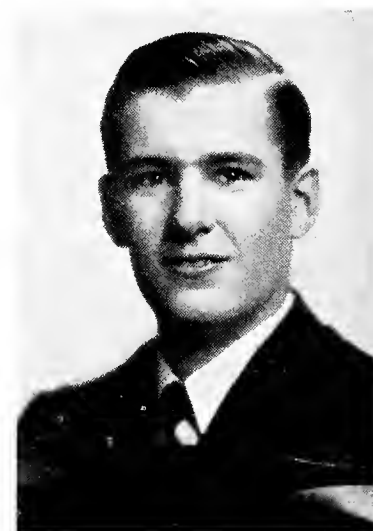

Kenneth James Rice
HAMILTON

Honour Chemistry and Physics

A Science course wasn't big enough for Kenny; he gleaned his extensive education from all branches of university life. Noted for his high spirits, vivacity, a fly-paper memory and a talent for friendship. He threw his weight about effectively on the gridiron and played the "heavy" in the "Devil's Disciple" and "Loyalties." Editor of Marmor (III) and his crowning achievement was being chosen Editor-in-Chief of the Board of Pubs. Known to most of us as "coke drinking Chiefie," Ken is a popular C.S.M. in the C.O.T.C. Definitely he will leave a big gap on graduation.

*Bachelor
of
Science*

Hugh McLaurin Weld
OTTAWA

Honour Chemistry and Physics

He will never let you forget he came from Ottawa's Glebe, and he certainly won a lot of five cent bets backing those Roughriders. As a Science man Hugh spent his time tinkering with radio and learning the gentle art of titration in the Science Building. In his last year he got Sergeant's stripes to go with the famous jeep car he introduced to the campus.

FRESHMEN

Harold Stanley Stewart

Dean of Theology

FACULTY OF THEOLOGY

Graduates in Theology

Gilbert Gerald Harrop
TORONTO
Bachelor of Divinity

Entered Theology with the History Option and one summer ('39) clinical training in New Jersey as a background; began as an unconvinced but militant Calvinist, which faith he vehemently denied subsequently. Partial to psychological theorizing. He finds recreation in the baiting of "ego-driven" authoritarians and "pulpit-pounders." Ambition for 1942: Graduation, Ordination, Subordination.

Alexander L. Sanderson
WATERDOWN
Bachelor of Divinity

"Sandy" came to McMaster to complete his B.D. Graduated with B.A. from University College, 1924, and from Emmanuel College at Toronto, 1927. Member of Intercollegiate Soccer Champions and Champion of one mile (Varsity). Has held Pastorates at Guelph, Hamilton, Melville and other places, and is now at Waterdown United Church. Claims Wroxeter as his home.

Charles Clarence Knapp
TORONTO
Bachelor of Divinity

Clarence has had a versatile career at Mac—vocalism, scholarship, administration, debating and opera. President of Theology '41-'42; took the McCrimmon and McNeill Scholarships, as well as marital responsibilities. An incurable philosopher, his ambition is to write a little booklet entitled—"The sum total of Human Knowledge and then Some."

Garbutt Finch Smith
BARRIE
Bachelor of Divinity

Fought on another two years for his Bachelor of Divinity degree. For further information see 1939 Marmor.

Benjamin Francis Rice
HAMILTON
Bachelor of Divinity

"Ricky," the "power-man," coasted via History and Rugby, into Divinity (to be plagued for three years by more or less humble profs who patiently but persistently asked, "Mr. Rice, when may your essay be expected?") He grinned his way through a full-time pastorate, marriage, Student Council responsibilities, the acquiring of an heir, track, basket-ball and rugby, C.O.T.C., and the full divinity course—the "how" of which is a mystery. Future: possible and probable.

Frank C. Stevens
HUNTSVILLE
Bachelor of Divinity

Steevy graduated from Toronto Bible College '35. He spends his time outside the University pitching hay and preaching. Besides these hearty activities he found time for debating (five years); six years soccer; one year wrestling; President of Chess Club, '40; five years inter-year hockey. Reporter for Sil. 1 year and member of Students' Council for one year.

John Lucas
TORONTO
English Theology

Came to McMaster to begin a new career. Born in Londonderry, Ireland, he graduated from the Rosemount Bible College, Edinburgh, Scotland; came to Canada in 1930. After several years of conducting preaching missions, he came to McMaster to prepare himself for the regular pastorate. His undying faith in human nature and his contagious friendliness will take him far.

Frederick N. Poulton
ST. CATHARINES
Theology

Originally from England, Fred graduated from St. Catharines C.I. He has shown exceptional executive ability as Pastor of Eastern Avenue Baptist Church in Toronto. His ambition is to visit once more dear old London Town.

English Theology

Lorne Edward Smith
TORONTO
English Theology

Smitty graduated from Toronto Bible College in '37. He is well known as an enthusiastic member of the Chess Club. Pet hates are back slappers and rib prodders. Future: The sweet imprisonment of a ministry and all that goes with it.

Harmer, Rice.

FRESHMEN DAZE
or
How Green Was
My Valley

SOPH-FROSH BANQUET

The first major social function of the fall semester was held in the Starlight Room of the Royal Connaught (a pleasant innovation). Guest speaker was Sub-Lieut. F. H. Galway, of the R.C.N.V.R., who spoke on "Your Navy." Having buried the traditional hatchet, the Sophomores and Freshmen spent a pleasant evening dancing.

JUNIOR-SENIOR COLLATION

This was the last official social event for year '42 as undergraduates. A "hands-across-the-border" atmosphere prevailed with Mr. Clay Merrill's speech on "Bermuda." "C'm on chillun', les' dance!"

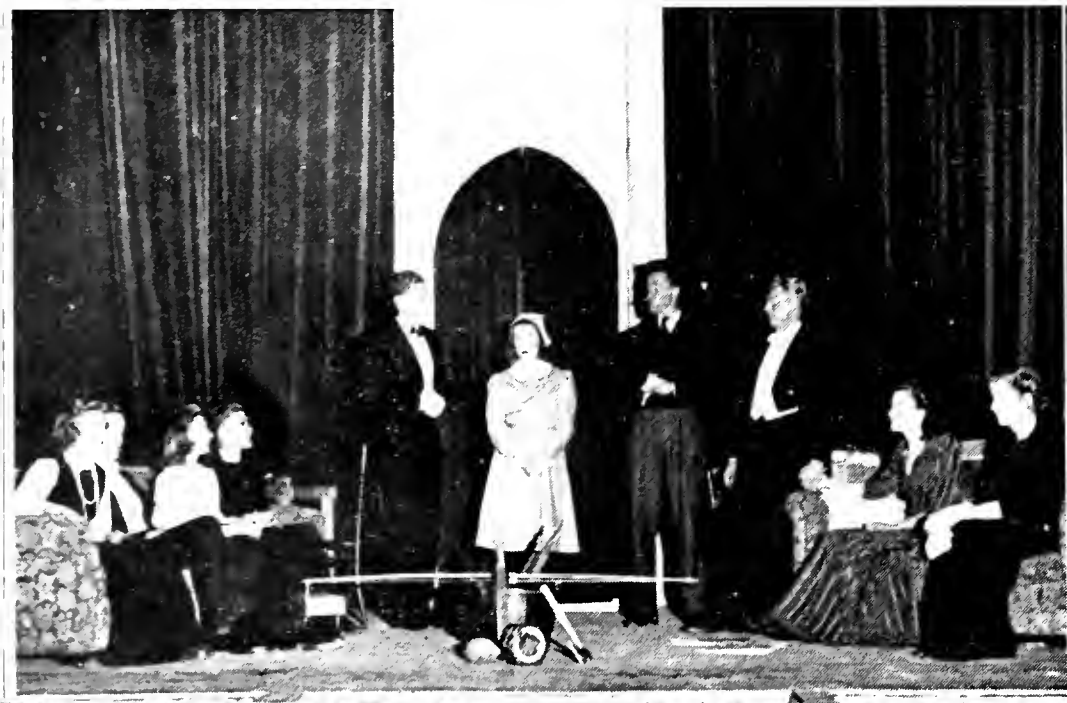

"THE ADMIRABLE CRICHTON"

A COMEDY BY J. M. BARRIE

Hunter McBain's second hit at Mac came with the presentation of "The Admirable Crichton." A brilliant cast headed by Bob Craig and Hilary Stearn thrilled two capacity crowds. Stage settings were simple but forceful and mirrored the whole atmosphere of the play. Executive arrangements were well taken care of and the easy professional manner with which the production was accomplished indicated much work and planning. Most memorable of all was a trip behind scenes after the final performance when Crichton stepped from character to thank Mr. McBain on behalf of the whole cast. All in all a most pleasant and enjoyable dramatic performance. Orchids to the Dramatic Society.

BOB STERN, M.C.

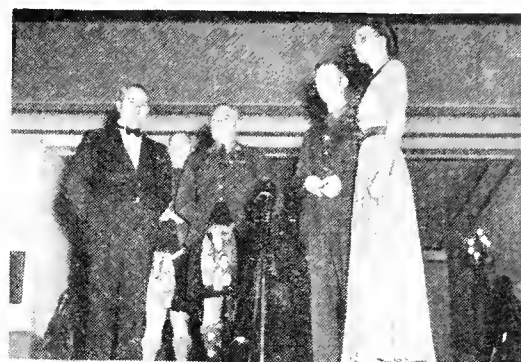

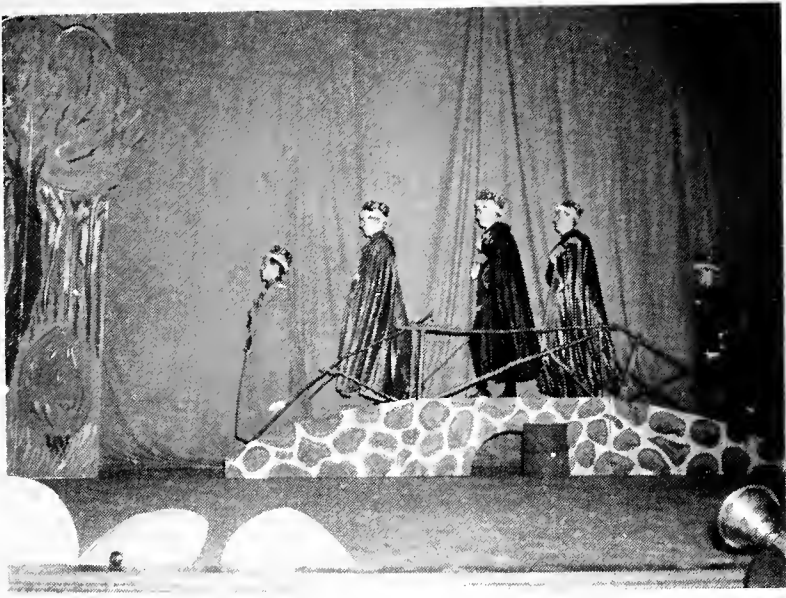

MILITARY

DANCE

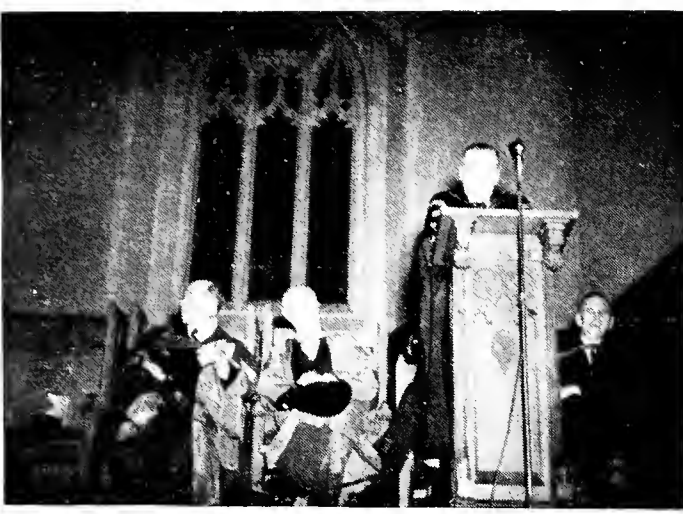

"IOLANTHE" or "The Peer and the Peri"

In spite of seemingly insurmountable difficulties, the Operatic Society presented one of their best efforts in "The Peer and the Peri," with a cast that approached perfection and one of the best choruses in years. The story is as fantastic as all Gilbert and Sullivan operettas and like the rest is thoroughly entertaining. Joe Richardson, the "highly susceptible Chancellor," deserves special praise together with Frank Knapp, Bob Heard, Beth Morrow, Lois Borden and in fact the whole cast.

Special thanks are due to Art Poynter and the McMaster Concert Orchestra, and also to Mr. Ashworth, the director.

VITAL IN WAR

Steel production has dwarfed peace-time figures. Month by month output has expanded to keep pace with the increasing tempo of the war programme.

Stelco had the foundations well laid through the wide range of plant developments made during earlier years. With the close of 1941 the rate of steel production more than doubled any pre-war high record.

Rendering the basic steel usable for war and vital needs, finishing mills have kept pace with this rapid growth, and Stelco employees have known a single purpose — to provide the essential tools of war.

In these critical days Canadian industry has established many new high records of "service".
